www.nevis.uk.com

Time to put on: **1m 19s** .....★★★  
Waterproofing .....★★★  
Build quality/features .....★★★  
**TOTAL SCORE** ..... **9/9**

#### **A well-made, functional suit that's competitively priced**

These garments claim to be breathable as well as waterproof and they both come with separate mesh carry bags. The jacket has a soft collar, two external pockets, and a double

front flap to waterproof the vulnerable zip area. There are reflective panels, elasticated cuffs and waist, and a drawstring around the hem of the jacket. There's also a drawstring in addition to the elasticated waist on the trousers and a Velcro opening system on the lower legs which make the suit very easy to put on in a hurry. You can each garment separately.

### **ALPINESTARS** QUICK SEAL OUT JACKET AND PANTS

£89.99 Colours: Orange, black, yellow Sizes: S-XXXL  
www.alpinestars.com

Time to put on: **1m 16s** .....★★★  
Waterproofing .....★★★  
Build quality/features .....★★★  
**TOTAL SCORE** ..... **9/9**

#### **A well-made suit that car drivers can't fail to see you in**

Elasticated cuffs on the jacket and trousers, a high collar, and a dual front flap all help keep the elements out. The suit is adjustable at the collar, ribs, waist and ankles to give a close

fit and prevent flapping at speed. A small carry bag is included so the suit can be folded down to the size of a Thermos flask and both garments have reflective panels to help other road users see you in the rain. This is another waterproof suit that claims to be breathable. They are very easy and quick to put on, with the Velcro fastening at the lower legs works really well.
